

# Mobi-chair

BEACH ACCESS CHAIR

The Mobi-Chair is a high quality, floating beach wheelchair that provides beach and water access to people with limited mobility. The armrests act as flotation devices as you enter the water, providing the user with comfort and stability. It features quick-release components for easy transport and assembly.

## Features:

**Comfortable and Safe** - Stable and well balanced with rubber pneumatic tyres absorbing shock and discomfort. Seatbelt for added safety.

**Seat to Floor Height** - Has a seat height of 19" which assists with transfers.

**Durable** - Manufactured with stainless steel and aluminium. Backrest fabric is non-allergenic, water and UV resistant. Waterproof back pocket.

**Provides floatability** - With the floatable armrests and tyres, Mobi-Chair easily transports the user from the beach to the water. Easy to push across hard and soft sand.

**Assembly** - Takes minutes to assemble and there are no tools required. Folds flat for easy storage.

**Backrest recline** - Recline adjustments set to 3 different positions, making it ideal for users with limited trunk control.

## Dimensions:

**Seat** - 18" wide x 17" deep x 19" high

**Chair** - 60" long x 42" wide x 50" deep

**Overall Weight** - 30KG

**Front Castor** - 12" x 6.5" (Rubber Pneumatic)

**Rear Wheel** - 16" x 7.5" (Rubber Pneumatic)

**Weight Limit** - 136KG
