

The MX2 Carbon Fibre Back Support from Motion Concepts provides superior support and function for active users. Made from a specially engineered lightweight carbon fibre shell for unmatched stability and peak performance.

3" CONTOUR DEPTH

Carbon Fibre Back Shell:

- Carbon fibres oriented to provide flex and suspension
- Curved, anatomical shape for a perfect fit and maximum stability for function
- Cut-outs for lightness and breathability, reducing heat and moisture build-up
- Slotted for easy height adjustment
- Ultra light-weight - from 680g (including hardware)

Carbon Fibre Buying Guide:

Carbon Fibre back supports are not created equal. Note: The Matrx MX2 Back is constructed out of **solid carbon fibre** for superior strength and stability.

Code	Size W x H	Weight Limit
IMX2 1406 - NH	14" x 06"	110kg
